BACK TO THE AGE OF SPLENDOR AT

Stan Hywet Hall

Wednesday, September 6 • 9:45 am - 3:00 pm
Meet at Park Synagogue East

Amazing inside and out!

Step back in time on a docent-guided tour of Stan Hywet Hall in nearby Akron, built in 1912-1915 for F.A. Seiberling, co-founder of The Goodyear Tire & Rubber Company, and his family. The magnificent 65-room Tudor Revival Manor House features its original collection of furnishings and antiquities and is worth visiting many times.

Following our tour, we will enjoy a box lunch in the estate's café, and have time to explore the Stan Hywet Gardens, Gothic Revival Conservatory, and Gate Lodge on our own.

Please note: To access the second floor, one must walk up a grand staircases. There is no elevator available. Participants who do not want to walk up the staircase can wait for the group on the first floor.
